PROFILE

Detail-oriented Frontend Developer and Computer Science student with a 3.34 CGPA. Proven expertise in building high-performance web applications using React and Tailwind CSS. Awarded 1st place in major regional coding competitions for UI/UX excellence and technical execution. Passionate about scalable architecture and clean code.

EDUCATION

Bachelor of Science in Computer Science

Karachi Institute of Economics and Technology (KIET)

Expected 2027

CGPA: 3.34 / 4.00

Relevant Coursework: Object Oriented Programming, Web Engineering, Database Systems.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), HTML5, CSS3, C++, Python
- **Frontend:** React.js, Tailwind CSS, Bootstrap, Vite, Responsive Design
- **Tools & Workflow:** Git/GitHub, REST APIs, Netlify, UI/UX Design Principles

HONORS & AWARDS

- **First Prize (Web Development) – CODE JUNG 2025:** Secured 1st position among 50+ teams for architecting a high-impact web solution evaluated on UI/UX, code efficiency, and scalability.
- **Winner – SMIT Hackathon 2025:** Ranked in the Top 5 for rapid prototyping and deployment of a mobile-first web application under strict time constraints.

TECHNICAL PROJECTS

WorldAtlas — Global Data Explorer

[Live Demo](#)

- Engineered a React-based data visualization tool using a component-driven architecture to display global country metrics (GDP, Population, Geography).
- Integrated REST APIs with advanced filtering and search algorithms, reducing data retrieval latency using Vite.
- Developed a mobile-first UI with Tailwind CSS, achieving high accessibility scores and seamless cross-device performance.

Dynamic Quiz Platform

[Live Demo](#)

- Built an interactive SPA (Single Page Application) featuring real-time question fetching and asynchronous state management using the Open Trivia API.
- Authored custom validation logic for score tracking, timers, and user progress indicators.

SMIT Digital Interface Clone

[Live Demo](#)

- Reverse-engineered the official SMIT website to master pixel-perfect layout design and cross-browser compatibility.
- Implemented complex CSS layouts to ensure high-fidelity replication of the original user interface.

CERTIFICATIONS & DEVELOPMENT

- **Specialized Course in Web & App Development:** Saylani Mass IT Training (In Progress)
- **Cisco Networking:** Hands-on experience with network configuration via Cisco Packet Tracer.
